# UL PENDANT LIGHT CORDS

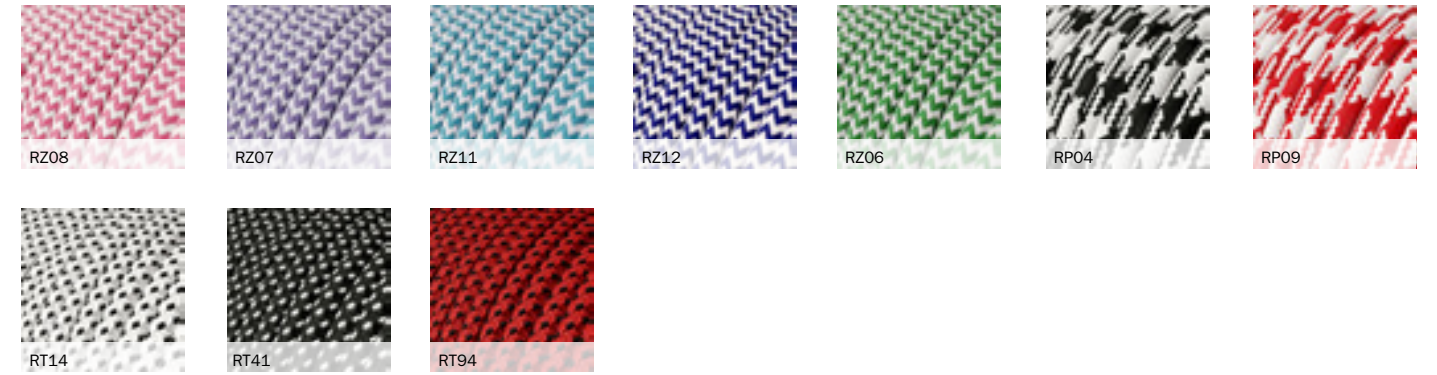

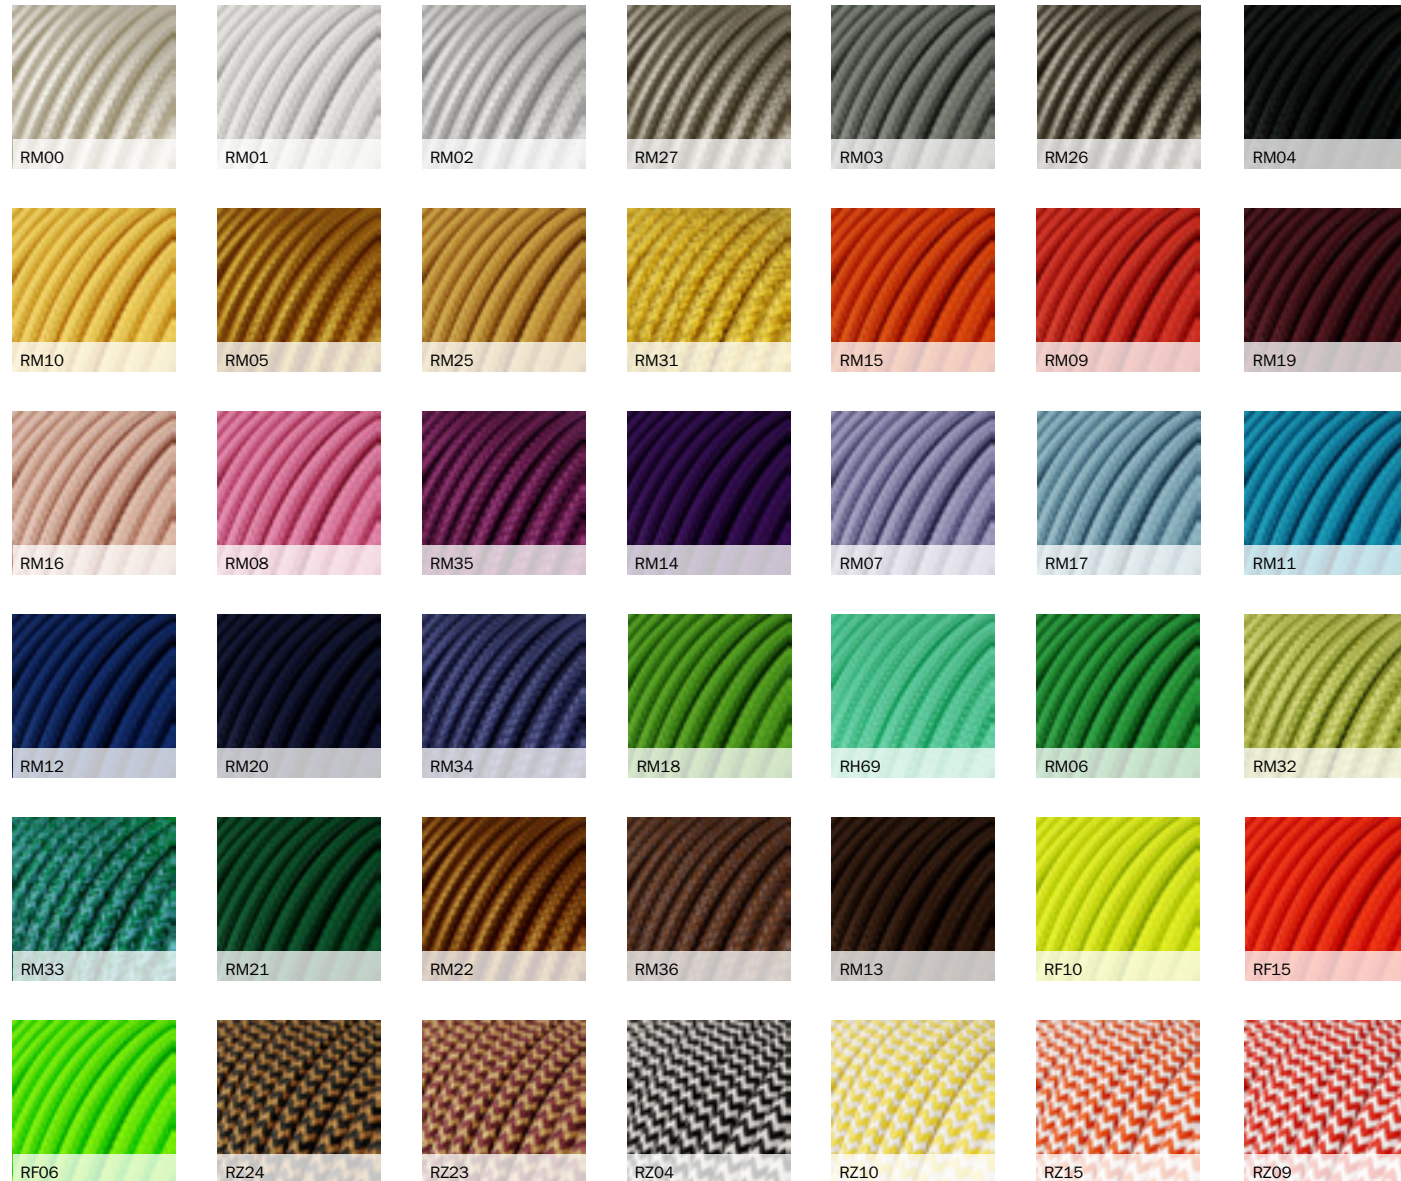

Made in Italy in a small craftsman factory, our fabric-covered cables are the softest, most flexible and highest quality cables offered in the world today. We have over 105, and counting, colors of UL Listed (E496739) round fabric-covered cables. Note that we are one of the only companies in the world that certify the entire cable as UL Listed, and not just the inner core. The color code for each cable is listed in the bottom left-hand corner. These can be purchased by-the-foot or on spools of up to 150 feet.

## Round rayon cables

Rayon cables have a bright solid finish, which is elegant yet informal. Shiny as silk, they can bring color wherever needed.

### Specifications:

SVT-B Flexible Electrical Wire  
 3xAWG18: 3 conductors, 18 gauge  
 Indoor Use  
 Diameter: 7.2 mm (9/32")  
 UL Listed: E496739

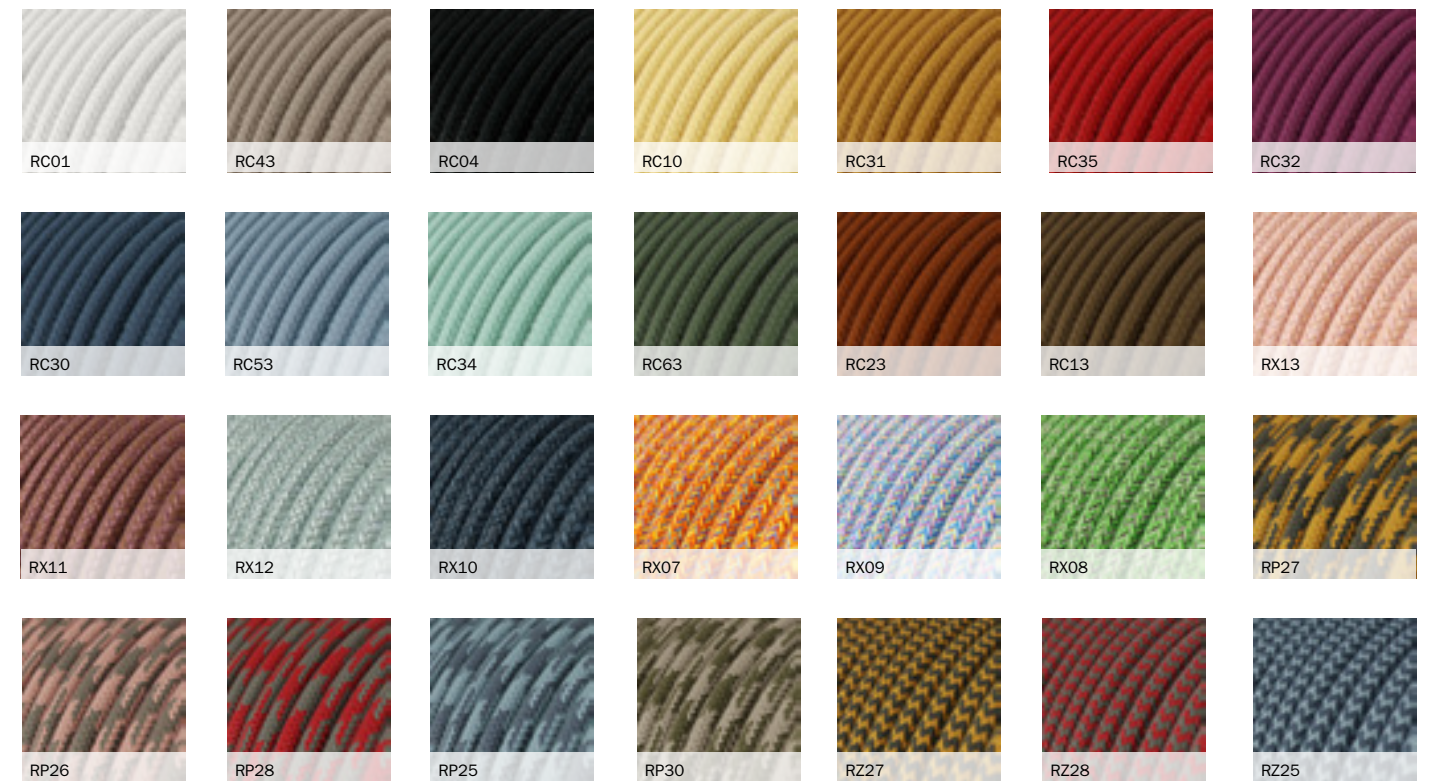

## Round cotton cables

Cotton cables have pastel colors and warm tones. Cotton has a natural look and matches cozy and minimal environments. Ideal for those who prefer a "raw" feeling.

### Specifications:

SVT-B Flexible Electrical Wire  
 3xAWG18: 3 conductors, 18 gauge  
 Indoor Use  
 Diameter: 7.2 mm (9/32")  
 UL Listed: E496739

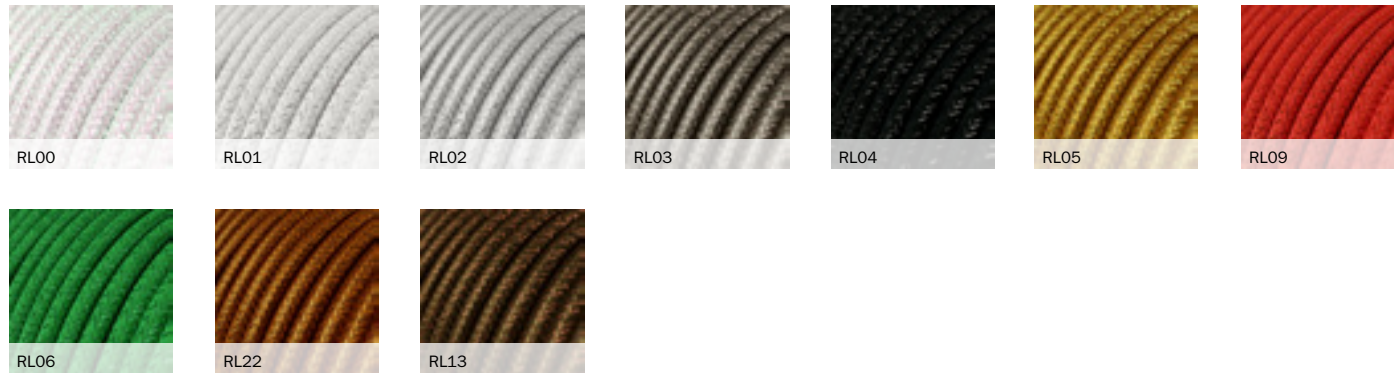

### Round glitter cables

Take plain cotton fabric, add some shimmering thread and you'll get a glamorous cable for your lamp.

#### Specifications:

SVT-B Flexible Electrical Wire  
3xAWG18: 3 conductors, 18 gauge  
Indoor Use  
Diameter: 7.2 mm (9/32")  
UL Listed: E496739

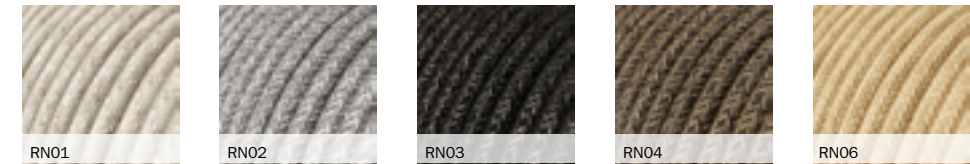

### Round natural cables

Linen and jute bring warmth and coziness to any room: they perfectly match furniture in natural materials such as wood and earth colors. You will love their unmistakable "coarse" and rustic touch.

#### Specifications:

SVT-B Flexible Electrical Wire  
3xAWG18: 3 conductors, 18 gauge  
Indoor Use  
Diameter: 7.2 mm (9/32")  
UL Listed: E496739

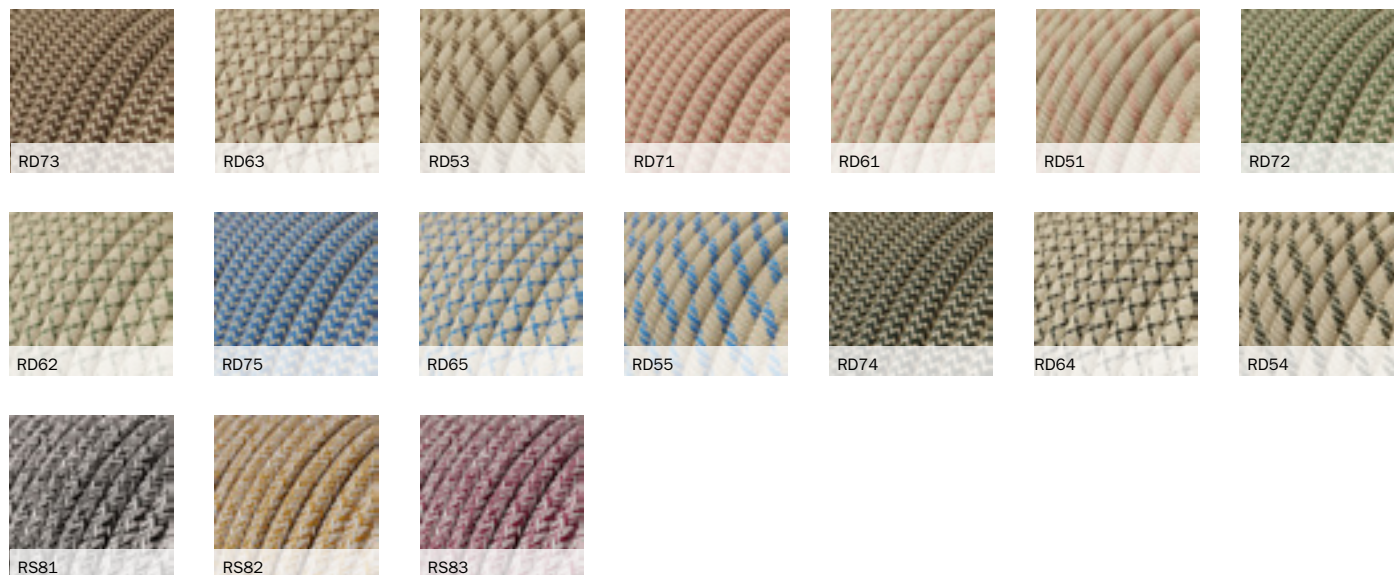

### Round mixed cables

For these cables we not only mix the colors, but the fabrics they are made of as well. Linen, cotton, glitter and rayon are all mixed to create a unique fabric covered cable.

#### Specifications:

SVT-B Flexible Electrical Wire  
3xAWG18: 3 conductors, 18 gauge  
Indoor Use  
Diameter: 7.2 mm (9/32")  
UL Listed: E496739

## CREATIVE-TUBES

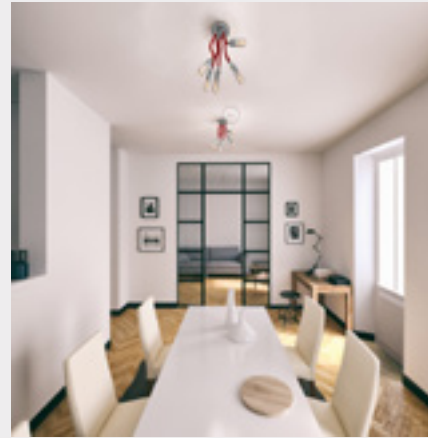

Creative Tubes are a fabric-covered electrical conduit with two iron filaments running along the sides of the conduit. This allows the Creative Tube to maintain a desired shape when bent in place. Creative Tubes do not need elbow or sheath fittings because it is possible to bend it by hand and adjust its "route" when needed. Check also the designated accessories, from threaded terminals to tube clips to shape up your lighting installations. All of our Creative-Tubes are IMQ-HAR certified, the highest quality standard in Europe. Every single product is designed and Made in Italy. The internal material of the Creative Tube complies with CEI-EN 61386-1 + EN 61386-22 Classification 3321

### Creative-Tube 16 mm

Thanks to its small diameter, the 16 mm Creative-Tube can help you in creating a discrete yet visible lighting installation on your wall.

## COMPONENTS - CANOPIES

A canopy is an essential accessory for any design lamp. We offer a wide range of shapes, sizes and materials that will easily match any home style.

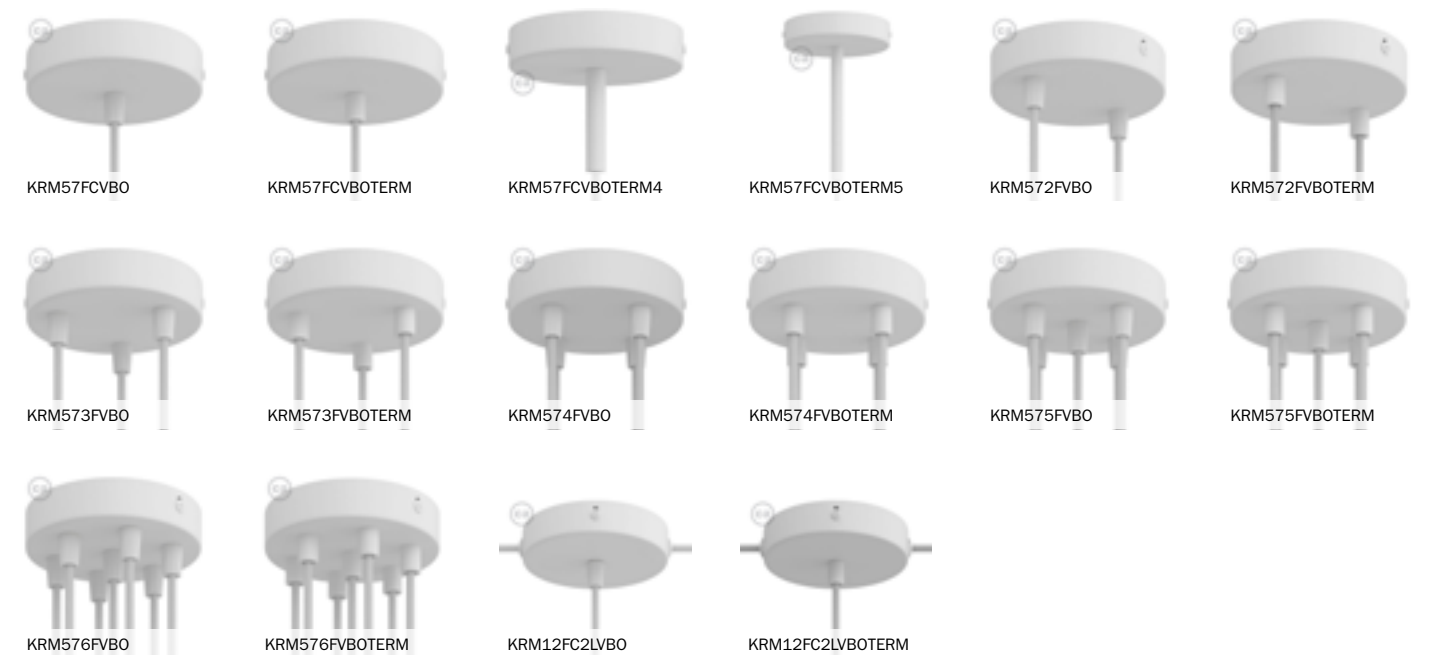

### Metal canopies

Our ceiling canopies are among our best-selling products. These metal canopies are available in 6 different finishes and come in 1 - 2 - 3 - 4 - 5 - or 7 hole versions. Use the multiple hole version to multi-pendant swag lamps and chandeliers. We also have canopies with side holes that you can use to create totally customized wall or ceiling lighting by "daisy chaining" the canopies together.

Metal canopy with side holes

These 4-side-holes canopies allow you to create pendant lamps but are also beautiful wall or ceiling junction boxes that can be coordinated with our cables and lampholders.

Metal painted canopy

These colorful and cup shaped Made in Italy canopies will give that pop twist to your ceiling light. Note that these canopies do not cover a standard "new work" junction boxes. These are for use without a junction box or on boxes smaller than 3.75" diameter.

Wood canopies

Specifically designed for our rope cables and offered in three basic colors, they are extremely versatile: natural wood can be painted or polished as desired. Each canopy has a matching wooden socket.

Silicone ceiling canopies

CableCup® differs from all other ceiling canopies on the market due to its soft material which makes it possible to turn the cup inside out. The straight forward mounting procedure and accessibility to the cables makes this ceiling canopy very easy to use and could really reduce the time spent trying to get your pendant lights looking great.

CableCup® is suitable for any type of surface: perfect for converting your attic, under the stairs or anywhere with a slanted ceiling. The award-winning Swedish design developed by Jonas Forsman and Lars Wettre, is totally unique and super-easy to use. It sits snugly without any screws or tools, and the look is discrete and truly Scandinavian.

### Ceramic canopies

These 7-hole canopies are hand-made in Italy: each piece is unique! Due to their natural look, they are perfect for a country or shabby chic home. Each canopy has a matching ceramic socket.

### Hand painted ceramic canopies

They are entirely manufactured in Italy: each item is unique and slight differences are due to the hand painting process.

### Porcelain canopies

Porcelain is a timeless classic and is an elegant solution that will make your wall or ceiling lamps absolutely unique. Each canopy has a matching porcelain socket. Note that these canopies are not to be used over standard "new work" junction boxes. These are directly screwed into the wall or ceiling surface.

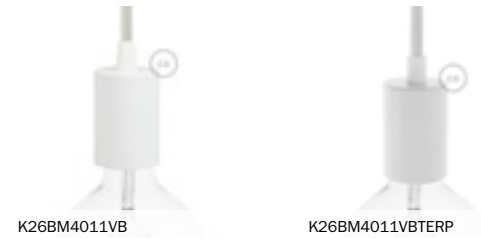

## COMPONENTS - SOCKETS

A socket is an essential accessory for any design lamp. We offer a wide range of shapes, sizes and materials that will easily match any living or working environment. Sockets can match or contrast the canopies: it's up to you!

### UL E26 Metal sockets

Our best-selling sockets come in multiple finishes and styles and all include both the exterior socket cover and an interior e26 UL Listed thermoplastic light socket. The "Vintage" and "Milled Aluminum" sockets come with a ferrule that you can screw off. This allows you to use it to attach a lampshade. Match these light socket kits with our metal canopies for a perfect combination.

# COMPONENTS - ACCESSORIES

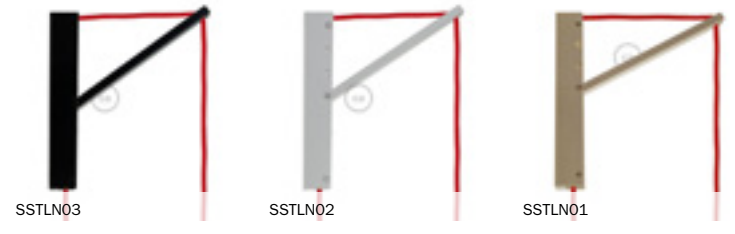

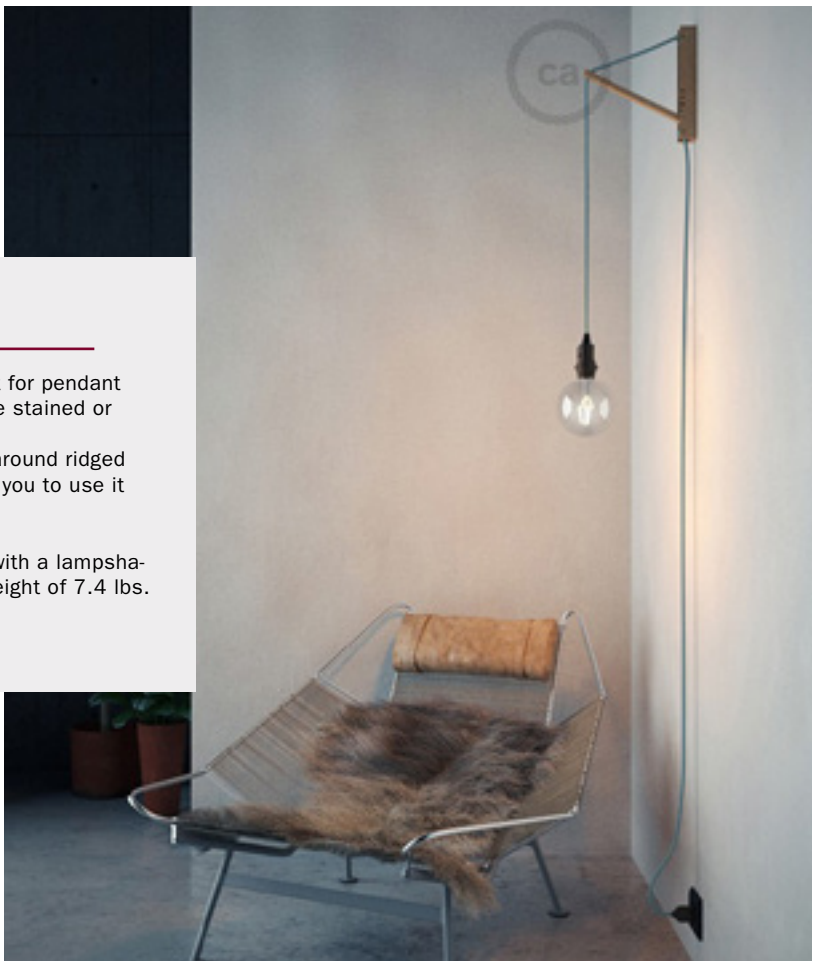

Small things can make a difference: among our accessories you will find all the special components which can make your lamp 100% unique.

**Pinocchio**

The Pinocchio is Creative Cables adjustable wall mount for pendant lamps. It is made in Italy out of beech wood and can be stained or painted.

The cable doesn't go through any holes, it is wrapped around ridged wooden supports at each end: we strongly recommend you to use it with Snake, Snake for lampshades and SnakeBis.

With the Pinocchio you can even hang a pendant light with a lampshade of up to 19.5 inches in diameter and a maximum weight of 7.4 lbs.

Pinocchio can also be adjusted at three different heights.

## Archet(To)

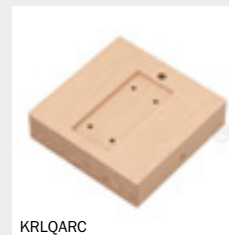

The Archet(TO) is Creative Cables patented flexible wall mount for pendant lights. Made in Italy, this lightweight see-through mount can flex depending on the weight of the lamp and shade you use it with. The Archet(To) can hold lampshades up to 27.5 inches in diameter and up to 7.4 lbs. Match it with one of our fiber lampshades to great effect.

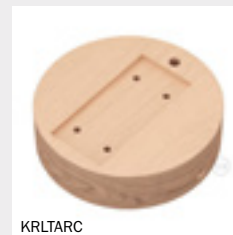

ARCHETTO

To mount Archet(To) on a wall lightpoint, you may want to use the designated bases in natural and made-in-Italy wood. The bases can be polished or painted as desired.

# UFO UNCONVENTIONAL FLYING OBJECT

## The project

We selected 14 famous & promising emerging artists, we chose two of their most representative artworks and we lit them up: this is how the UFO collection - Unconventional Flying Objects was born. 14 double-faced wooden disks, processed and printed in Italy, ready to become a wall or a suspension lamp. Well, actually two: both sides of the disk are illustrated with different designs! Men and women, cactus and pineapples, mandala and azulejos, ice cream and cupcakes, and not to forget fish, dogs and flamingoes: A surprising variety of subjects and colors that create playful, romantic or surreal atmospheres.

## UFO Suspended and wall lamps

UFO, when equipped with the right accessories can be easily turned into flying suspension light or a wall lamp: Special attention has been given to the colors of cables and sockets chosen to ensure the best aesthetic result. We recommend you to pair UFO wall lamps with a small Half Sphere bulb that won't cover the illustration, only illuminate it without dazzling the observer.

# UFO COLLECTION "PEMBERLEY POND"

## The project

Pemberley Pond is the name of the duo who illustrated the cover of "Goodnight Stories for Rebel Girls", one of the most successful children's books of recent years. Thanks to their unmistakable calligraphic style, 8 quotes inspired to the pleasure of reading have become 4 reversible UFOs and double-faced MINI-UFOs: all ready to decorate walls, chandeliers and tables! All printed in Italy in poplar wood, they all share a playful and naive style and are ideal in the room of baby readers, to illuminate their first books and guide them into the pleasure of reading.

## UFO and MINI-UFO

## Ufo suspended, wall and table lamps

UFO and MINI-UFO, when equipped with the right accessories can be easily turned into 4 flying suspension lights. 4 flush lights or 8 table lamps: special attention has been given to the colors of cables, the sockets and the table base chosen to ensure the best aesthetic result.

## CREATIVE-CABLES AROUND THE WORLD

Creative-Cables is the largest online store for textile cables, operating in over 20 countries all over the world. We offer a huge choice of Made in Italy and IMQ-HAR or UL certified fabric cables and accessories that, together with our light bulbs, can generate thousands and thousands of product combinations.

### Creative-Cables: a twist on Italian Taste

Creative-Cables was founded in Turin in 2014: the mission was “produce the best quality and the widest range of fabric cables and make them available to customers all over the world”. Over time, a wide selection of light bulbs, components and accessories was added: we regularly refresh our assortment in order to be up-to-date with the latest decor trends. Today, Creative-Cables is the go-to company when you have yourself a “lighting dream”.

Apart from cables and accessories, Creative-Cables also means ready-to-use and complete products: some of our most challenging and beautiful custom-made lighting solutions have been developed and employed by architects and designers from all over the world.

### Creative-Cables around the world

Our network includes 24 national websites, but it keeps growing: from Italy to Northern Europe, from United States to Australia. Whenever possible, we choose to have:

## ABOUT US

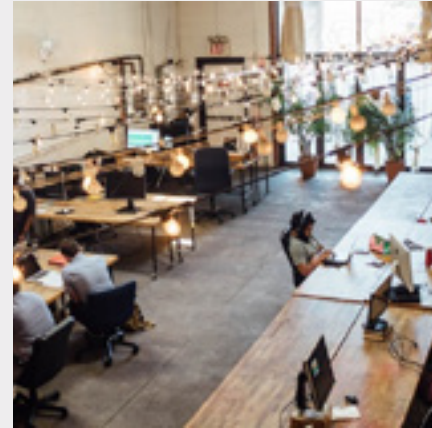

Founded in Turin in 2014, Creative-Cables is the marketplace where it is possible to build any entirely customized lighting solution for ceilings, walls, tables or floors. It offers not only a section of ready-to-use products, but also an assortment of thousands of components and accessories that, when combined, can produce almost any lamp. The result is original, durable and cannot be found in traditional sales channels and, above all, meet the needs of any architectural and design project.

Creative-Cables catalogue is constantly evolving: our priorities include **the search for new trends**, the **development of partnerships**, opportunities and **product improvement**. This is why we are present at the most important **international trade fairs** dedicated to the world of interior design such as Maison&Objet, Salone del Mobile and 100% Design.

Creative-Cables products are present in **more than 20 countries**.

Besides our huge catalogue, we strive to offer:

- a **specialized customer service** department and a team to develop customized proposals
- a locally managed **warehousing and logistics service**
- **flagship stores** in relevant urban areas

## CREATIVE-CABLES FLAGSHIP STORES

### Creative-Cables Flagship Stores: Creativity becoming light!

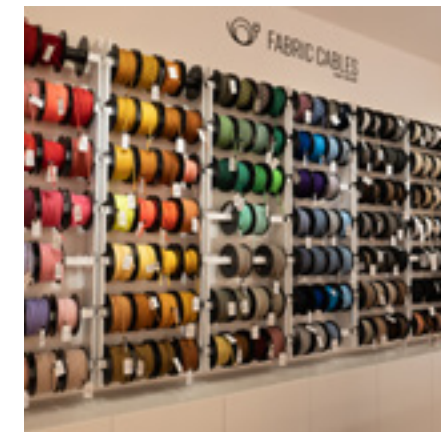

After five years of online sales, success and much satisfactions that brought Creative-Cables to more than 20 countries around the world, we decided to take a turn to the "offline" world and bring our lights to the city streets.

In our stores, it's not only possible to find and purchase customized lamps as well as all individual products from the Creative-Cables catalogue, but it is also possible to personally get into the action: you can build the lamp of your dreams, with the assistance and advice of our qualified staff that will guide you throughout all phases of the creation. We'll make sure that every component is included and we'll also show you some professional tips.

Is DIY not your thing? Not a problem: in the Creative-Cables stores you can still design a customized lamp choosing the components that best suit your needs, personal taste and the style of the space you will be illuminating. In a few minutes our staff will create a completely customized lamp that will meet the tastes and style of its designer - you! and it will be assembled correctly and safely.

At the Creative-Cables Flagship Stores you can see and hold in your hands our fabric cables, canopies, sockets along with LED light bulbs for every need and style! Creative-Cables Flagship Stores are a space to choose and create, but also to express yourself through our cables and colorful products to find your inspiration.

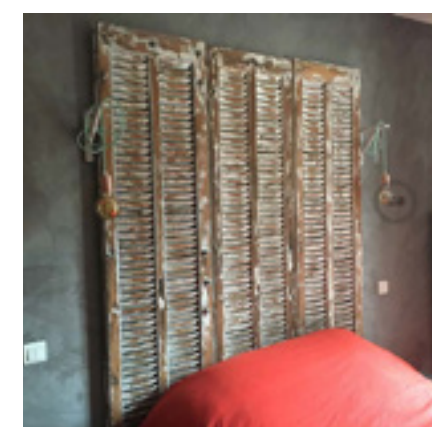

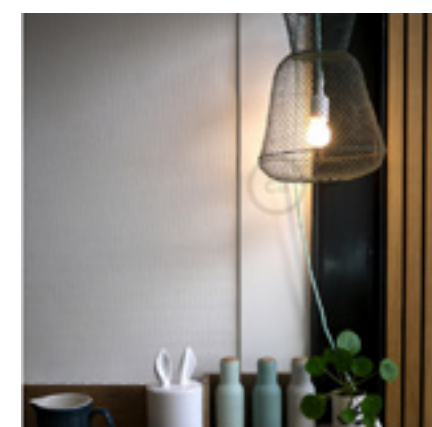

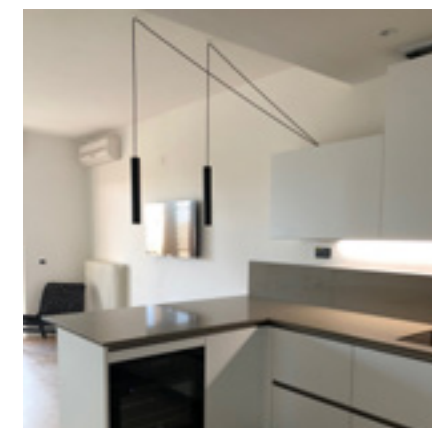

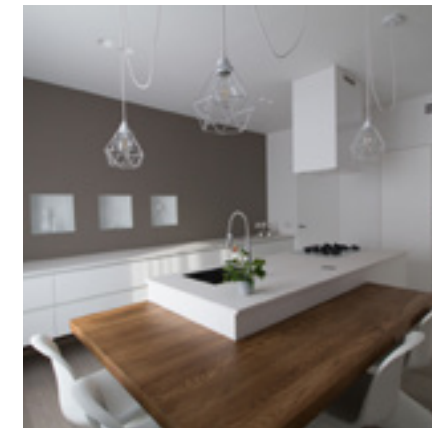

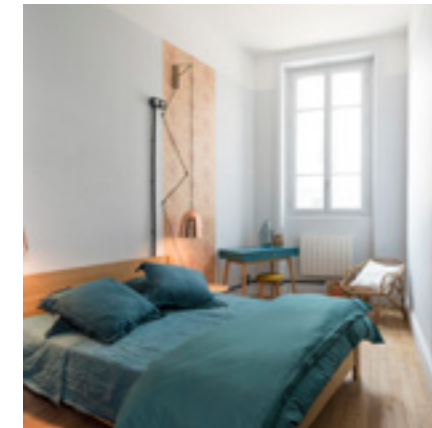

In our stores you can also find a space dedicated to the many designers that have chosen Creative-Cables' products to make their lamps exclusive: a unique occasion to be inspired by the work of some professional designers and to purchase their signature masterpieces. The first Creative-Cables Store opened in Turin, our hometown. We now have flagship stores in other 5 Italian cities: Milan, Rome, Brescia, Alessandria and Treviso. But Italy was not enough, so we've opened our first store out of Italy in Bruxelles (Belgium), that was recently followed by Zagreb (Croatia). Further stores outside Italy are to be opened in the near future: stay tuned! If in Memphis don't miss our showroom on 3043 Broad Avenue to experience the same magic.
