TECHNICAL SHEET
FOR PENDANT LIGHT FIXTURES

SOAP pedant small

Design by
Ota Svoboda

All Bomma products are hand-made from mouth-blown lead-free crystal. Therefore any small bubbles, non-melts and irregularities in the glass are both proof and a characteristic feature of this traditional craft.

The intensity and color shade of metal-coated glass may vary slightly from product to product. Small dots in the coating, especially visible after the light is on, are not a defect of the product.

When installing and cleaning, touch the coated glass only with the gloves supplied. Failure to do so could cause irreversible damage to the surface. Never use liquid solutions or chemical cleaners to clean the metal-coated glass. Wipe the surface with a soft, dry cloth only.
